ABOUT KRUPP BROTHERS

Dr. Jan Krupp was a San Francisco-area physician with a love of farming and wine. In 1991, he moved to Napa Valley, where he and his brother Bart began to develop vineyards, including the iconic Stagecoach Vineyard. Krupp Brothers selects only the finest grapes from premier Napa Valley vineyards, including:

Stagecoach, Krupp Brothers Estate, and J² — Dr. Krupp's personal vines. Today, each wine in the collection — from the mountain Chardonnay to the Rhone-style Syrah and Tempranillo-based red — continues to embody the passion, vision and perseverance that has guided Krupp Brothers since the first vines were planted.
